AMENDMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Responsive to the Office Action dated January 24, 1996,  
please amend the above-referenced application as follows.

IN THE CLAIMS:

31 1. (Twice Amended) A pavement treating composition  
comprising a quantity of bituminous pavement rejuvenator  
consisting essentially of a coal tar derivative containing a  
mixture of di-, tri- and tetracyclic aromatic compounds and their  
5 alkyl homologs containing lower alkyl groups together with a  
significant amount of phenolic and hydroxy derivatives, said  
mixture having a specific gravity at 25/25°C of at least 1.08,  
a maximum Brookfield viscosity at 25°C of 30 cps, and an initial

I hereby certify that this correspondence is  
being deposited with the United States Postal  
Service as first class mail in an envelope  
addressed to Assistant Commissioner for  
Patents, Washington, D.C. 20231 on April 19,  
1996.
